

PRODUCT CHANGE NOTIFICATION

Date: October 29, 2013
PCN: PCN LEDIL 88

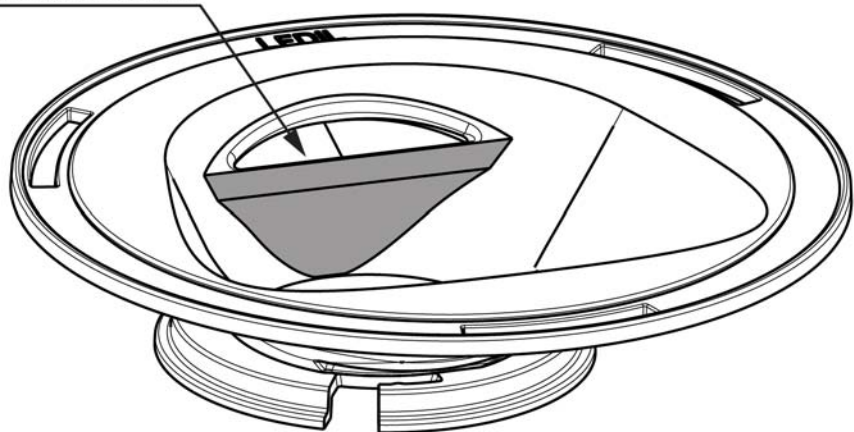

Subject: Product modification

Description: LEDiL Oy has optimized the design of LENA-WAS family of reflectors. With these optimizations, we have been able to achieve better uniformity and cleaner beam pattern. These modifications don't have any effect on the mechanical features of the reflector.

Time line: This change is valid immediately.

Changes: Indicated surface has been roughened.

Modified surface
