OLGA

Ø32 mm elegant indoor lighting family for a wide range of LEDs up to 7070 size packages

OLGA is a compact powerhouse providing uniform lighting for any indoor space. The special optical design eliminates unwanted colour artefacts from the beam and makes it suitable for tunable white applications. Compatibility with a wide range of LEDs up to 7070 size packages guarantees that only imagination, and maybe the ceiling, are the limits for OLGA.

FEATURES

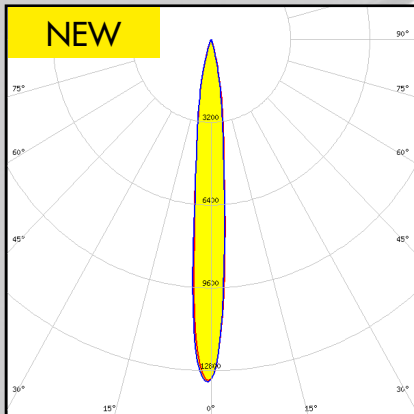

- Compact size, easy to form different shape clusters
 - With holder: Ø32 mm with 19.1 mm height
 - Lens only: Ø30 mm with 18.5 mm height
